

## Order Manager for Magento 2

Note: These instructions apply to installing an extension downloaded from Magento Marketplace only. If you downloaded the extension from the Fooman website, follow [these installation instructions](#) instead.

1. Download the extension through the [Magento Marketplace](#). Once complete, the extension will show in your account under My Purchases.

The screenshot shows the 'My Purchases' page on the Magento Marketplace. The page has a header with the 'Magento Marketplace' logo, navigation links for 'EXTENSIONS' and 'THEMES', a search icon, a shopping cart icon, and a 'FOOMAN' dropdown menu. Below the header, there's a 'Back to My Account' link and the 'My Purchases' title. A tabbed interface shows 'Extensions', 'Themes', and 'Packages', with 'Extensions' selected. Below the tabs, there are filters for 'All Platforms' and 'All Editions'. Two extension cards are displayed: 'FOOMAN INVOICE = ORDER NUMBER' (blue) and 'FOOMAN ORDER MANAGER' (green). Both are for 'Magento 2'. Below each card, there's a 'Choose version' dropdown menu. The 'Invoice' card shows version '2.0.3' and the 'Order Manager' card shows version '2.0.2'. Both have a 'Download' button.

2. Create access keys in your Marketplace account (if you haven't done so already):

The screenshot shows the 'My Account' page of the Magento Marketplace. The 'Marketplace' tab is selected. In the left sidebar, 'My Access Keys' is highlighted with a red box. The main content area is titled 'My Access Keys' and contains a table with one row labeled 'Demo'. The 'Access Keys' column of this row is highlighted with a red box, showing fields for 'Public Key:' and 'Private Key:', both of which are also highlighted with red boxes.

3. In your Magento store, head to **System > Web Setup Wizard**

The screenshot shows the 'Tools' menu in a Magento store. The 'SYSTEM' option in the left sidebar is highlighted. The main content area lists several tools: 'Cache Management', 'Backups', 'Index Management', and 'Web Setup Wizard'. The 'Web Setup Wizard' option is highlighted with a red box.

4. Choose the Component Manager and then hit "Sign In" (if not done prior) using the

Access Keys created for your Marketplace account.
