 [ultimate-magento-guide-by-fooman.pdf](#)

File (v1.0.0)

Use the upload button to select the file you wish to attach to the product. Please note that your server administrator or web hosting company may have applied a file size limit for uploads. Please contact them if you see an error message related to upload size limit.

Group (v1.0.0)

If provided all pdfs with the same group name are displayed together under the same subheading.

Sort Order (v1.0.0)

Pdfs with lower sort order numbers are displayed first when multiple pdfs are listed. If groups are used the group which includes the lowest sort order pdf is displayed first, then all other pdfs in that group in ascending order before moving to the next group.

Store View (v1.0.0)

Select if this document is available in all store views or only a select one.

Product Selection

Click Select Products to bring up the product selection screen to assign the attachment to one or more products.

Select Products

Use the checkbox next to the products to select the required products. Once finished use the button "Add Selected Products".
