

Small Order Fee for Magento 2

Note: These instructions apply to installing an extension downloaded from Magento Marketplace only. If you downloaded the extension from the Fooman website, follow [these installation instructions](#) instead.

1. Download the extension through the Magento Marketplace. Once complete, the extension will show in your account under My Purchases.

The screenshot shows the 'My Purchases' page in the Magento Marketplace. The page has a header with the 'Magento Marketplace' logo, navigation links for 'EXTENSIONS' and 'THEMES', a search icon, a shopping cart icon, and a 'FOOMAN' dropdown menu. Below the header, there's a 'Back to My Account' link and the 'My Purchases' title. A tabbed interface shows 'Extensions', 'Themes', and 'Packages', with 'Extensions' selected. Below the tabs, there are filters for 'All Platforms' and 'All Editions'. Two extension cards are displayed: 'Invoice = Order Number' (blue) and 'Order Manager' (green). Both cards show the Fooman logo, the extension name, and the version 'M2'. Below each card, there's a 'Choose version' dropdown menu with '2.0.3' and '2.0.2' respectively, and a 'Download' button.

2. Create access keys in your Marketplace account (if you haven't done so already):

Magento Marketplace

My Account

Magento Marketplace Developer Portal

My Products

- My Access Keys
- My Purchases

Payment

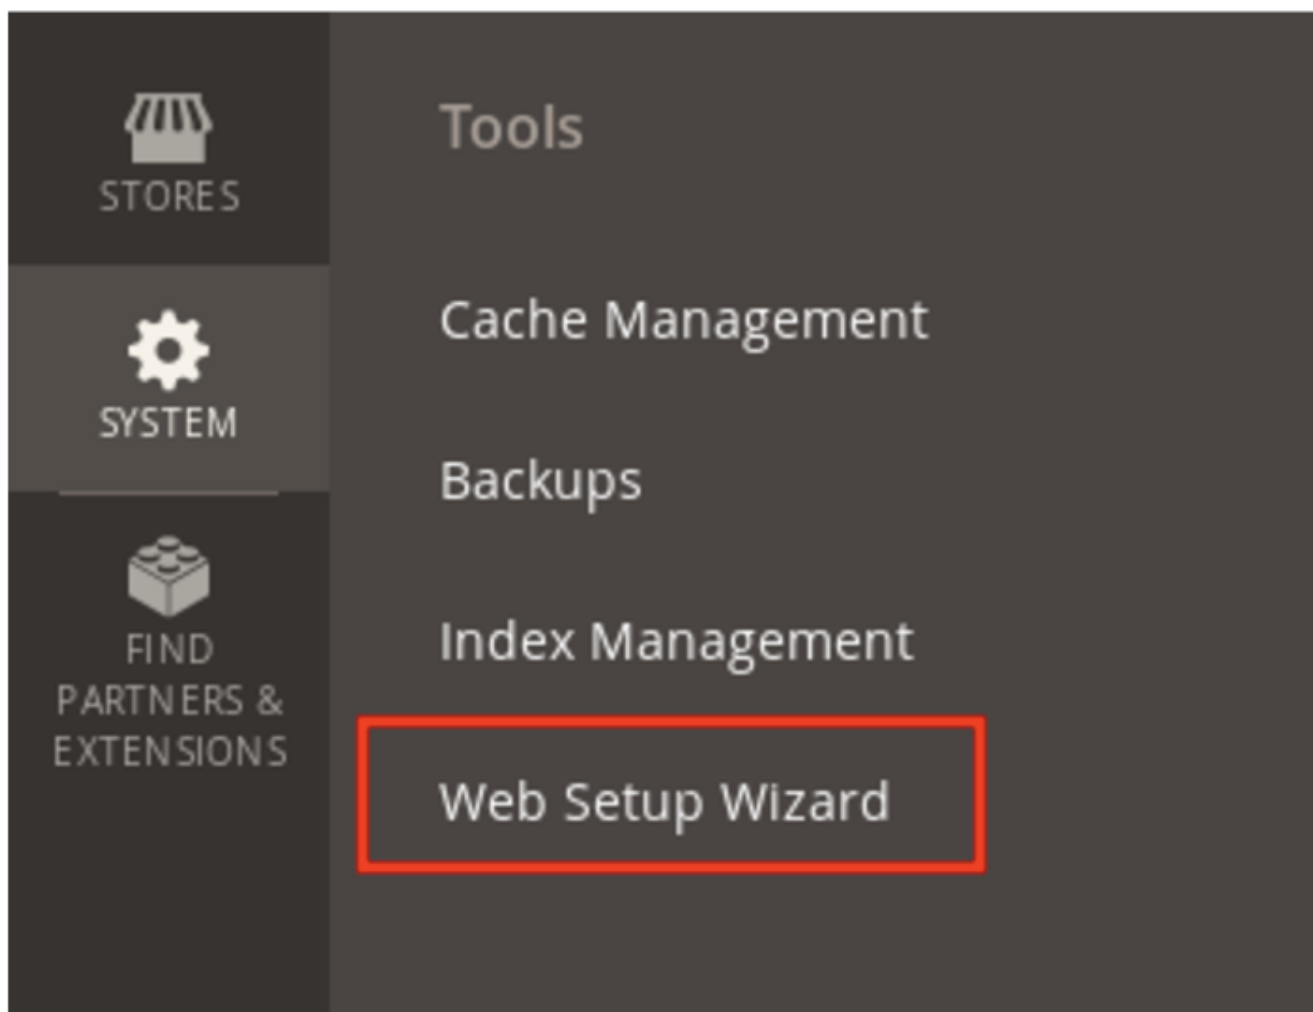

- Purchase History
- Refunded Orders

My Access Keys

These keys can be used for authorized downloads of the Magento Marketplace. Please see the [instruction document](#) for downloading and installing.

Name	Access Keys
Demo	Public Key: Private Key:

3. In your Magento store, head to System > Web Setup Wizard

STORES

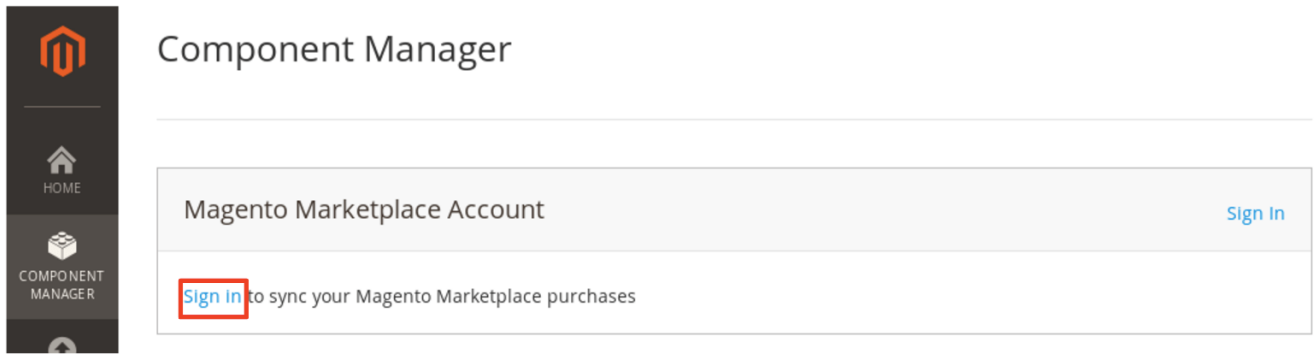

SYSTEM

FIND PARTNERS & EXTENSIONS

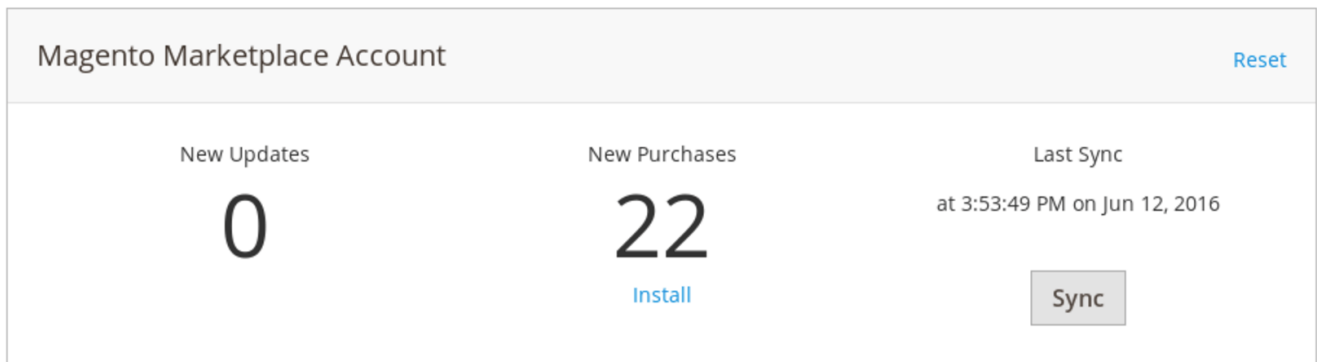

Tools

- Cache Management
- Backups
- Index Management
- Web Setup Wizard

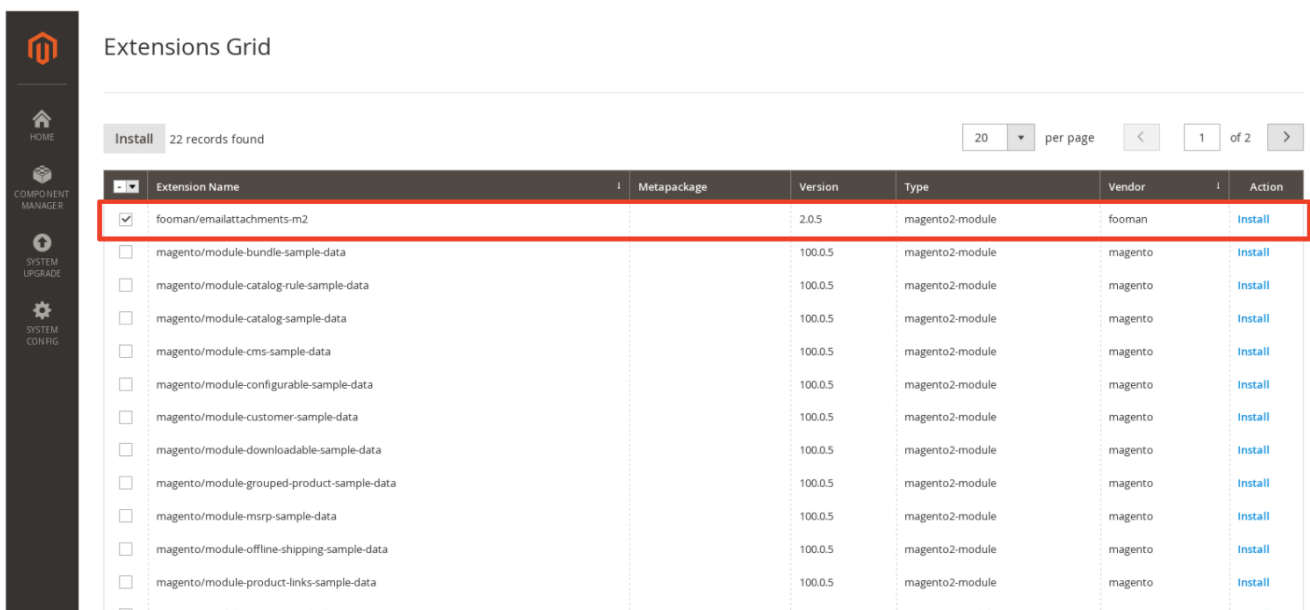

4. Choose the Component Manager and then hit “Sign In” (if not done prior) using the Access Keys created for your Marketplace account.

5. Use the Sync button if the last Sync was performed before the purchase of the extension. Next click “Install”.

6. Select the extension/s you want to install and hit the Install button.

Extension Name	Metapackage	Version	Type	Vendor	Action
☒ fooman/emailattachments-m2		2.0.5	magento2-module	fooman	Install
☐ magento/module-bundle-sample-data		100.0.5	magento2-module	magento	Install
☐ magento/module-catalog-rule-sample-data		100.0.5	magento2-module	magento	Install
