Choose your preferred surcharge calculation mode:

- Per Order: This surcharge is only charged once per order, if multiple would apply the maximum is taken
- Per Product: This surcharge is charged once per product in the cart (each line item), useful for example for set up costs
- Per Item: Each item in the cart gets added the surcharge

All surcharges will be applied in the base currency of your store.

Maximum Surcharge (1.0.0+)

If set the maximum amount in your base currency that would get applied. Useful for Per Product and Per Item types where you want to limit the maximum amount that would get added. For example with Per Item with SKU A and Product Surcharge set to 5 with a Maximum Surcharge set to 12 the following would get calculated for the cart.

1 x SKU A = 5
2 x SKU A = 10
3 x SKU A = 12

4 x SKU A = 12

...

Maximum Times Applied (1.0.0+)

If set the maximum number of times a Per Item or Per Product surcharge that would get applied. For example with Per Item with SKU A and Product Surcharge set to 5 with a Maximum Times Applied set to 2 the following would get calculated for the cart.

1 x SKU A = 5

2 x SKU A = 10

3 x SKU A = 10

4 x SKU A = 10

...

Step 2 - Define Product Surcharge per product

The product surcharges can be configured for simple, virtual and downloadable products. Open the product under **Catalog > Products** and open the **Advanced Pricing** section.

Set up a Payment Surcharge in the Magento backend

We indicate which features are available on which version of Fooman Ultimate Surcharge Bundle in the following way: (v1.0.0+).

Add Surcharge - Payment

Head to **Sales > Surcharges** to configure your surcharge settings.

Click on the “Add Surcharge” dropdown button and select “Payment” to create a new surcharge based on payment method.

You can add as many different surcharges as you need based on your store's payment methods - including credit cards, Paypal, Stripe, bank transfer, check, Afterpay and more.

Please check your individual credit card contract/agreement to confirm whether you are permitted to charge a surcharge for credit card payments. It varies from country to country and from payment provider to payment provider.

Adding different surcharges for different credit card types (e.g. 5% for AMEX but only 3% for Visa/Mastercard) is on our roadmap for future development.

Customer Emails and Pdf Documents (v1.0.0+)

Surcharges will be automatically added to customer emails and pdfs generated by Magento (including pdfs generated using [Fooman Pdf Customiser](#)).
